Your student is requesting:

- To opt-out of senior year math clas:** It is HIGHLY DISCOURAGED that seniors who wish to attend college after high school NOT take a math class during their senior year even when they have already earned all of their required math credits. Studies have shown that students who do not take math in their senior year of high school are LESS successful in college than those who do AND have a higher college incompleation rate. ****Not recommended by counselor***

- To opt-out of a 5th Class:** Student athletes must pass a minimum of 4 classes in the previous semester of an athletic season in order to be eligible to compete in that season. It is therefore highly recommended that all senior athletes be enrolled in AT LEAST 5 classes in the fall of their senior year. ****Not recommended by counselor***

- To opt-out of the 2nd year of a foreign language:** Students who successfully complete one year of foreign language in high school are HIGHLY ENCOURAGED to complete a second year of the same language the following year, as many colleges and universities outside of Nevada require that a student complete two years of the same foreign language in high school for admissions. ****Not recommended by counselor***

Parent / Guardian & Student: By initialing above and signing below, you are giving the counselor permission to place the student in the course(s) that he/she would prefer to be in above RATHER THAN the course(s) recommended by his/her teacher(s) or counselor. You are also accepting the following conditions:

- Students have until May 5th 2017 to make any changes to their requests.
- Enrolling in a year-long class is a one year commitment; mid-year change requests are not permitted.
- Changes OUT OF Honors/AP classes can affect eligibility for the Advanced Honors Diploma.
