

Dear Liberty Parents & Students,

As you may be aware, the State of Nevada now requires all Juniors to take the ACT test. The test will be offered statewide on March 12<sup>th</sup> next year, but students are welcome to also register for the test on their own, and to take it anytime throughout the year. The next tests will be September 8<sup>th</sup> and October 27<sup>th</sup>. Register at: [www.ACTstudent.org](http://www.ACTstudent.org) The Fall is usually the **last chance for Seniors** to re-take the test to improve their scores prior to college admissions, and it's a **good chance for Juniors to start preparing** for the statewide test next spring.

For students who would like help preparing for this important exam, Liberty will be partnering once again with Tutors Across America to provide a discounted ACT weekend prep camp.

## FAQs

### **Why does the ACT matter?**

ACT (or SAT) scores are generally the most important factor universities use in determining scholarship offers. The test scores are second only to GPA in terms of admissions decisions. A good ACT score can mean thousands (or tens of thousands) in scholarships. By scoring a 21 on the ACT, students qualify for the Millennium Scholarship (\$10,000). By scoring a 22+, students often qualify for small scholarships at most universities. By scoring 26+, many schools offer mid-level scholarships (thousands to tens of thousands of dollars at most universities, and by scoring a 30+, many students qualify for full tuition and full-ride scholarships (potentially over \$100,000 in savings if attending an expensive private university).

### **What's considered a good ACT score?**

The ACT is scored on a scale of 1-36. The national average is around a 20-21 most years. Nevada's average has been in the 17 range. To be guaranteed admission to UNLV for example, a student can have either a 3.0 core GPA (Math, English, Science, & Social Studies classes only) or a 22 on the ACT. So a student needs either a solid GPA or a score significantly above the state average (and above the national average) to be admitted to UNLV. If students have both the GPA and test score, they'll earn additional scholarships.

### **How much does ACT prep improve scores?**

The weekend prep camps are averaging 3-7 point improvements per student. That's the difference between scoring in the 50<sup>th</sup> percentile, and scoring in the 80<sup>th</sup> percentile. Or for students who already start out above average, it could be the difference in the 80<sup>th</sup> percentile, and the Ivy League level 96<sup>th</sup> percentile.

### **Is Test Prep really worth it?**

It depends. If a student doesn't plan to attend college, or if his/her family can pay full tuition price at the university of their choice without a hassle, there may not be a need. But if you're like the majority of families who can't imagine how they'd pay the insane \$50k+ in annual tuition charged by many private universities, test prep can be a worthwhile investment. As our instructor Ryan explained: *"The highlights of my career are when students send me excited emails and messages to report their amazing test scores and college admissions letters. But some of my favorite messages are from parents thanking me for helping their children earn full-ride scholarships. One parent whose child received an amazing scholarship to a California school told me: 'She got a full ride scholarship worth \$160k! We're taking her college fund and spending it on a fabulous cruise!'"*
