

BigRentz.com Scholarship

Hi,

My name is Alyssa and I'm on the scholarship team at BigRentz, a technology-focused, heavy-equipment rental logistics company.

At BigRentz, we understand that the future infrastructure of our society will be designed and created by the next generation of engineers, and with that in mind, we are very excited to offer high school seniors the opportunity to receive a \$5,000 scholarship to further their education in the engineering field.

More details about the scholarship:

- Open to current and prospective students studying a variety of engineering disciplines with a GPA of 3.0 or above.
- Applicants may be a senior in high school, an undergraduate, graduate, or postgraduate student to be eligible
- Application deadline is August 3rd, 2018
- Requires an essay submission of 750 - 1500 words

You can view all the information about the scholarship and how students can apply here: <https://www.bigrentz.com/scholarships/engineering>

Is this something you would be able to add to your scholarships page? We would love to see some applications from your students!

Please let me know if you have any questions!

Best,
Alyssa Ennis
